DESCRIPTION

Unisex Trucker cap made from recycled polyester with Oxford front panels and a breathable mesh back. The six-panel construction and slightly curved peak give a neat, classic Trucker shape while remaining comfortable to wear. The fabric is easy to care for and part of an eco-responsible range; one size with an adjustable Snapback closure fits most head sizes.

Practical details include the mesh rear for ventilation and reinforced seams on the front panels to maintain shape. The peak keeps its form for everyday use. Available in several colourways, for example Abyss Blue Heather, Black or Granite Grey Heather.

This personalised Trucker can be customised from one piece and accepts multiple marking methods: screen printing transfers, MSO transfer, DTF printing, flex and embroidery. Suitable for companies, sports clubs, associations, events and private customers looking for a sustainable promotional or uniform cap.

KEY FEATURES
