Material	Cotton, Polyester
Fabric weight	245 g/m²
Average weight	0.04 g
For	Baby
Label	No label
Country of origin	Bangladesh
Carton	150 pieces

DESCRIPTION

This baby bib is made from terry towelling (80% cotton, 20% polyester, 245 g/m²) with a wraparound cut that provides good absorbency for everyday use. Offered in one size for infants, it features a jersey bias trim around the edges for a soft finish against the skin. The fabric is machine washable and holds its shape well thanks to the terry composition.

The bib fastens with a hook-and-loop strip, making it quick to put on and remove. Its triangular shape with rounded edges effectively catches drips and food, while the neat finishing reduces irritation. Available in several colours, for example White, White / Pale Blue and White / Pale Pink.

Get this personalised bib from one piece for companies, clubs, associations, nurseries, schools or private customers. Customisation techniques available: transfer, MSO transfer, DTF printing, flex and embroidery. Our graphic studio can vectorise or retouch your logo prior to marking.
