DESCRIPTION

Plush reindeer designed for babies, made from soft polyester with a contrasting belly panel and lined ears. The seated shape and formed antlers provide stability on a shelf or cot, while the zip opening and removable stuffing make cleaning and customisation easy. At 46 cm high and compliant with the European EN71 toy safety standard, it is suitable for all ages including infants.

Practical details include padded feet, a broad flat belly panel ideal for decoration, and a zip that allows the inner filling to be removed for washing or replacement. The facial features are embroidered for safety with no small detachable parts. The overall construction offers a plush feel and good durability in everyday use.

This personalised plush can be customised from one piece using techniques such as embroidery, flex (vinyl printing), DTF printing or transfer/sublimation. It is suitable for businesses, sports clubs, schools, associations and private customers for gifts, events or merchandising. Our studio handles logo preparation and vectorisation; free quotes within 24 hours on weekdays.
