DESCRIPTION

This plush rugby ball has a compact, soft shape designed for babies. Made mainly from polyester with a small elastane content as specified, it features a fully removable inner filling accessible via a zip, making it easy to remove for cleaning or to replace the stuffing. It is EN71 compliant, so suitable for play and cuddling.

The finish shows regular seams and a paneled construction that preserves the oval ball shape. The zip access is integrated neatly into a seam, allowing the filling to be removed without damaging the outer cover. For care, remove the inner padding before washing when necessary.

This personalised plush can be customised from a single piece for gifts or promotional use. We offer embroidery, DTF printing, flex, screen printing, transfer printing, embroidered patches, pad printing and digital printing — solutions for companies, sports clubs, associations, schools and private customers. Our studio can retouch or vectorise your logo for the best result.
