DESCRIPTION

This flat plush made of polyester is designed for babies and pairs a soft, cuddly feel with a built-in rattle to encourage sensory play. The flat shape with an integrated elephant head and small ears is easy for little hands to grip. It complies with the European EN71 toy safety standard and is suitable for all ages. Available in a multicolour option and one size. Follow supplier care instructions for polyester items.

The toy features a patchwork layout of fabric squares and small fabric tags around the edges that are useful for gripping. A zip access allows the cover to be opened for internal customisation without harming the toy's construction.

This personalised plush can be customised from a single piece, making it a practical choice for companies, sports clubs, associations, events and private gifts. Possible marking techniques: embroidery, DTF printing, flex, screen printing, transfer prints, embroidered patches, pad printing and digital printing on objects. Free quote within 24 hours on weekdays and an in-house design studio is available to vectorise your logo.
