DESCRIPTION

The Antoine Men parka is a men's waterproof parka built for wet weather: outer shell in 100% polyester with PU coating, 5000 mm waterproof rating and thermosealed seams to reduce water ingress. The lining is 210T polyester with a hood lined in jersey (80% polyester, 20% cotton) for comfortable wear. The long cut features a fishtail back and a straight fit, with a waterproof zip for enhanced protection. Care should follow the manufacturer's instructions.

Practical details include an adjustable hood with drawcord, two zippered front pockets with waterproof zips and clean sleeve finishes. Available in sizes S to 4XL (7 sizes) and offered in several colourways, for example Noir Profond, Nuit or Kaki Intense, depending on stock.

This garment can be ordered as a personalised parka for companies, sports clubs, associations, events or individuals using screen printing, DTF printing, flex or multicolour transfer. Minimum order: 5 pieces (colours and sizes combined). Our design studio can retouch or vectorise your logo and marking costs are itemised in the quote.
