DESCRIPTION

The Gaspard Men trousers are a straight-leg men's garment designed for everyday, versatile wear. Made from recycled cotton in a stretch denim construction, they combine a structured look with ease of movement thanks to the elastane content. Available in sizes XXS to 4XL; care is the same as for a standard pair of jeans.

The style features a classic 5-pocket design (two front pockets, a coin pocket and two patch pockets at the back), a zip and button fastening, belt loops and matt metal rivets and buttons for durability. Straight legs and visible topstitching give a clean, practical finish.

These personalised trousers can be customised for companies, clubs, associations, schools or private customers using techniques such as screen printing, DTF printing, flex and multicolour transfer on a wide range of textile; note the minimum order of 5 pieces (colours and sizes combined). Available in several colours, for example Deep Black and Raw Denim. Our studio can vectorise or retouch your logo for production.

COLOURS (2)
