DESCRIPTION

The Achille Men softshell is a long men's jacket designed for wet and cool conditions. Made from RPET with a fleece interior for added warmth, it features a high collar and a zip-off hood with a small peak to shield from rain. The long cut sits comfortably over mid-layers and the model comes in several colours, including Noir Profond and Nuit, in sizes S to 4XL.

Constructed as a three-layer softshell, it has a main double-slider waterproof zip and waterproof zips on the two side pockets and chest pocket. Adjustable cuffs with snap tabs and a waist adjustment ensure a secure fit; clean lines and discreet seams make it suitable for regular professional or team use.

The jacket can be personalised from 5 pieces and accepts embroidery or multicolour transfer. Suitable for companies, sports clubs, associations, events and private orders, our studio can vectorise and refine your logo before production — an effective option for a personalised softshell.
