Country of origin	China
Carton	10 pieces

DESCRIPTION

The Astra unisex parka features a comfortable cut with a warm sherpa-lined body and polyester padding for insulation. The outer shell is ripstop 100% recycled nylon — water-repellent and breathable — while the sleeve lining is taffeta for ease of movement. The back is slightly longer for added coverage and the hood has elastic drawcords. The main fastening is a two-way nylon zip with a contrasting tape. Available in several colours and sizes S to XXL, this PET-made parka is a more eco-responsible choice.

Functional details include zipped side pockets with piping and a warm fleece lining, padded sleeves with contrasting inner lining and elasticated cuffs to keep out the cold. Inside there is a zipped pocket at the chest and a press-stud pocket on the opposite side, plus a lower back inside zip to ease customisation. Seams at the hood, shoulders and sleeves are welded for improved water resistance.

The personalised parka can be marked using DTF printing, flex and transfer. Minimum order: 5 pieces (colours and sizes combined). We provide free quotes within 24 hours on weekdays, a graphic studio to vectorise or refine your logo, and standard or express production depending on stock. Suitable for companies, sports clubs, associations, events and private customers. Collection from our Evere workshop or delivery in Belgium, France and Luxembourg.
