DESCRIPTION

Women's base-layer TShirt with a close-fitting cut, long sleeves and a crew neck, designed to be worn as a technical base layer or on its own during exercise. The nylon fabric helps regulate temperature—keeping you warm in winter and helping to stay dry in summer—and features a natural peppermint deodorising finish. Available in several colours (Black, White) and sizes S to 3XL.

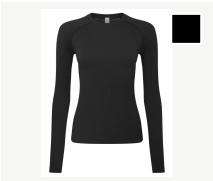

The item shows raglan sleeves for unrestricted movement and a smooth profile under other layers. The material is durable, crease-resistant and easy to care for; follow the manufacturer's washing instructions to preserve the deodorising finish and fabric performance.

This personalised TShirt can be ordered from one piece and is ideal for companies, sports clubs, associations and private customers seeking a technical women's base layer. Customisation techniques: DTF printing, screen printing transfers, DTF, and flex transfers.

KEY FEATURES
