DESCRIPTION

The personalised trousers NN500 for men are engineered for work and daily movement. The blend of recycled polyester, polyester, viscose and elastane gives a stretch, breathable fabric that is easy to care for. It features a straight cut with a partially elasticated waistband and drawcord, a faux fly and articulated knee seams to improve comfort during activity. Available in several colours and sizes S to 3XL.

The design includes zip pockets for secure storage and a thigh cargo pocket for tools or accessories. Hem splits allow easy pairing with different footwear and the neat seam finishes ensure consistent wear over time. The breathable fabric helps reduce heat build-up during sustained activity.

These trousers can be personalised from one piece and suit companies, sports clubs, associations, schools and private customers. Marking options include embroidery, DTF printing, flex, screen printing, transfers, embroidered patches and pad printing. We offer in-house artwork adjustments and free quotes within 24 hours on weekdays.
