DESCRIPTION

Women's oversize shirt made from a lyocell and organic cotton blend, designed for comfortable everyday wear. The relaxed cut, short sleeves and classic collar create a laid-back yet polished silhouette. The enzyme-washed fabric feels soft and breathable; the shirt is offered in several colours, including Washed Dark Navy and Washed White, and comes in sizes XS to XL.

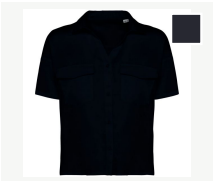

Details include a tipped button placket, two chest patch pockets with flaps and a back yoke that gives structure to the boxy shape. Tone-on-tone buttons are made from recycled plastic and the no-label finish allows full customisation of the inner collar area. Care follows standard guidance for natural fibres to maintain the fabric quality.

This personalised shirt can be personalised from one piece and suits companies, sports clubs, associations, events and private customers. Customisation techniques available: screen printing transfer, MSO transfer, DTF printing, flex and embroidery. Our graphic studio can retouch or vectorise your logo prior to production.
