Material	100% Recycled polyester
Fabric weight	60 g/m²
Average weight	385 g
Fit	Straight
Label	No label
Labels and certifications	Global recycled standard
Country of origin	Bangladesh
Carton	15 pieces

DESCRIPTION

Women’s eco quilted bodywarmer in a standard cut, designed to provide lightweight insulation with recycled polyester down-effect fill. The outer fabric is water-repellent and features a stand-up collar with chin guard and a central zip fastening. Offered in six colours and sizes XS to XXL.

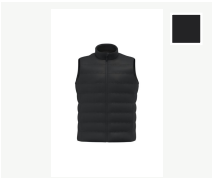

The horizontal quilting secures the injected fill, and the jacket includes two zipped side pockets plus several inner pockets, one with hook-and-loop closure. A drawcord at the hem allows fit adjustment and a hanging loop aids storage. There is a concealed chest zip for neat personalised placement without altering the garment’s clean lines.

This personalised bodywarmer can be customised from one piece using embroidery, DTF printing, flex, screen print transfer or Transfert MSO. Suitable for companies, sports clubs, associations, schools and private customers looking for a technical, responsibly made outer layer.

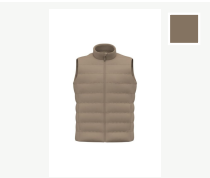

KEY FEATURES

- Water-repellent recycled polyester to stay dry.
