## DESCRIPTION

Men's hooded pullover with a fitted cut, made from 50% organic cotton and 50% Lyocell TENCEL™. The two-panel hood and edge-to-edge zip in recycled metal provide a clean finish, while 1x1 ribbing at the hem and cuffs helps maintain shape. The fabric is breathable and easy to care for; the stated weight gives a structured feel suitable for everyday wear. Available in several colours such as Beige Sand Heather and Navy Blue, sizes S to 3XL.

The photo shows a close fit and a seamless zip detail that creates a streamlined look without visible pockets. A neck tape increases comfort and helps the garment keep its shape after washing.

This item is ideal as a personalised pullover and can be customised from one piece for companies, sports clubs, associations and private customers. Personalisation techniques: screen printing (MSO transfer), DTF printing, flex and embroidery. Our studio can retouch or vectorise your logo to ensure the best print result.
