Labels and certifications	PETA Vegan
Country of origin	China
Carton	250 pieces

DESCRIPTION

Unisex sport arm sleeve in a stretch mesh blend designed to provide support and comfort through a seamless, ergonomic construction (90% polyester, 10% elastane). The tubular shape fits the arm closely in one size and includes UV protection 40+ compliant with EN13758-1&2, making it suitable for outdoor activities. Sold as a pair for practical use in team or individual sports.

The sleeve has a smooth, low-profile finish that sits neatly under sportswear; the seamless build reduces chafing during exercise and keeps the sleeve comfortably in place. Available in several colour options, it is suitable for training, competition and event use.

These personalised arm sleeve options are ideal for companies, sports clubs, associations and private customers: embroidery, DTF printing, flex, screen printing or transfer printing depending on the desired look. A graphic studio is available to vectorise or refine your logo.
