Pack of 100 hexagonal aluminium studs

PROACT · Ref. PA063

Reference	PA063
Brand	PROACT
Composition	100% Aluminium
Material	Aluminium
Country of origin	Taiwan
Carton	20 pieces

DESCRIPTION

Bag of 100 hexagonal aluminium studs for rugby and football use. Available in three sizes (13 mm to 18 mm), they fit a range of fastening systems for armbands and shin guards. The aluminium construction offers a metallic finish with low weight, suitable for regular sporting use.

The hex head and integrated nut provide secure mechanical fastening once tightened; each unit includes the female part and the fixing screw. Supplied in packs of 100, they are ideal for replacing multiple studs at once or keeping spares for a team. Cleaning requires only wiping if necessary.

These personalised armbands can be finished on the associated textile parts using embroidery (broderie / borduren / embroidery). Companies, sports clubs and associations can personalise from one piece; our graphic studio can retouch or vectorise your logo and provides a free quote within 24 hours on working days.
