Box of 12 hexagonal aluminium studs

PROACT · Ref. PA072

Reference	PA072
Brand	PROACT
Composition	100% Aluminium
Material	Aluminium
Country of origin	Taiwan
Carton	200 pieces

DESCRIPTION

Pack of 12 aluminium hexagonal studs designed for football on soft, muddy pitches. The set includes eight 13 mm studs and four 16 mm studs, compatible with screw-in outsoles. Made from 100% aluminium, they balance lightness with wear resistance; simple care involves rinsing and drying after use to reduce oxidation.

The clear blister packaging keeps the studs organised and protected, and the visible threads make fitting and removal straightforward with the correct tool. The compact pack is convenient to store in a kit bag for training or matchdays.

These studs can be supplied as personalised studs for clubs, schools, associations, sporting events and individuals. Personalisation options for accessories and promotional items include pad printing, screen printing and digital printing, with our in-house graphics studio available for logo preparation. Orders can be personalised from one piece; free quote within 24 hours on working days.
