Pack of 12 conical aluminium studs

PROACT · Ref. PA075

Reference	PA075
Brand	PROACT
Composition	100% Aluminium
Material	Aluminium
Country of origin	Taiwan
Carton	200 pieces

DESCRIPTION

A pack of 12 conical aluminium studs designed for rugby on soft, muddy pitches, suitable for screw-in stud fittings. Each stud is 18 mm and supplied in a blister pack. The aluminium construction gives a lightweight, hard-wearing finish and is straightforward to clean after use.

The conical shape provides effective penetration in soft turf and reliable stability in rucks and scrums. Supplied as a set of 12, the studs use a standard thread for easy fitting and removal.

These personalised studs are available for clubs, businesses, schools, youth movements, events and individuals. Personalisation techniques we offer for accessories include pad printing, screen printing, DTF printing and digital printing on objects; our studio can vectorise or retouch your logo. Single-piece orders for personalisation are possible; free quote within 24 hours on weekdays.
