DESCRIPTION

The PROACT® men's running short is engineered for athletes seeking lightness and freedom of movement. Its stretch fabric (92% polyester, 8% elastane) moves with the body while providing comfortable support. The wide elasticated waistband with a flat drawcord ensures a secure fit, and a discreet inner pocket on the right holds a key or small item. Side vents and double-needle hem finishing allow comfortable stride and a clean look. Easy care suited to synthetic fibres makes it practical for regular training and use.

We offer a custom / personalised men's running short with logo using embroidery, DTF printing, flex, screen printing, screen-print transfers (1-colour and multicolour), embroidered badges, pad printing and digital object printing. Ideal for companies, sports clubs, associations, events and individuals who want branded activewear. Free quotes and production from a single piece, plus an in-house design studio to refine your logo.

KEY FEATURES

- Stretchy material for complete freedom of movement.
