Carton	25 pieces

DESCRIPTION

The PROACT® unisex tracksuit bottoms are built for sport and everyday wear. The modern, tapered fit follows the leg line without restricting movement; the polyester fabric provides easy care and efficient moisture management. A mesh back panel increases ventilation during sustained activity. Available in several colours such as Black, Dark Grey and Sporty Navy, and in sizes XS to 3XL, they suit teams, clubs and individual users.

Practical details include an elasticated waistband with drawcord for an adjustable fit, two zipped side pockets and zippered ankle cuffs that make it simple to put on over trainers. The photographed item shows clean lines and finishes designed for mobility and regular use.

These tracksuit bottoms can be personalised from one piece. Customisation options include embroidery, flex, DTF printing, screen printing, transfer prints (single-colour and multi-colour) and embroidered patches; our studio can also retouch or vectorise your logo. Ideal for companies, sports clubs, associations, schools and private customers.

KEY FEATURES

- Mesh panel at the back for better ventilation.
