Carton	15 pieces

DESCRIPTION

This men's hooded bodywarmer features a fitted, sleeveless cut with horizontal quilted baffles that trap warmth while remaining ultralight. A full front zip and integrated hood increase wind protection, and the contrasting inner hood and lining enhance comfort. The jacket compresses into its storage bag for easy transport. It is offered in several colours, for example Black, Marl Dark Grey and Navy, and available in sizes XS to 3XL.

Practical details include two zipped front pockets—one with a fluorescent phone pocket—headphone cord exits and elastic binding at the hem for a secure fit. The decorative front zip and freer armholes make it suitable for outdoor activities or everyday wear where low weight and packability matter.

This personalised bodywarmer can be ordered from one piece and is suitable for embroidery, DTF printing, flex, screen printing, transfer printing, embroidered badges and pad printing. Recommended for companies, sports clubs, associations, schools and private customers seeking a lightweight, functional branded garment.
