Country of origin	CN|MM
Carton	40 pieces

DESCRIPTION

A unisex multisport sweat designed for rainy training: a roomy cut with raglan sleeves and a 1x1 rib V-neck, made from PU-coated polyamide (waterproof rating 1500 mm). The lightweight fabric offers wind and rain protection while remaining comfortable to wear; elasticated cuffs and an internal drawcord with stopper at the hem let you adjust the fit. Available in sizes XS to 4XL and several colour options, including Navy and Black.

Functional details include thermosealed seams at the armholes for improved water resistance, underarm ventilation eyelets and contrast piping at the shoulder seams. The detachable brand label simplifies rebranding, and the clean finishes suit regular sporting use.

This personalised sweat can be ordered from one piece and customised using screen printing, transfer, DTF printing, flex or embroidery. Recommended for companies, sports clubs, associations, events and private customers who need a waterproof, brandable training layer.
