DESCRIPTION

This women’s tank top features a relaxed cut for sport and everyday comfort. The lightweight jersey knit (65% polyester, 35% viscose) gives a subtle slub effect, good drape and freedom of movement. Available in several colours and sizes XS to XL, it suits training sessions and casual wear and can be laundered like other technical textiles.

Large armholes and a racerback design improve ventilation and allow layering with a sports bra or crop top. The round neckline includes a neck tape for a clean finish, while the slightly curved hem provides extra coverage over the hips without restricting movement.

This personalised tank top can be customised from one piece using screen transfer, MSO transfer, DTF printing, flex or embroidery, depending on the desired finish. Recommended for companies, sports clubs, associations, events and private customers seeking a technical, personalised garment.

KEY FEATURES

- Flowing jersey fabric with slub effect.
- Loose fit and large armholes for greater comfort.
- Racer back for better support.
