DESCRIPTION

This unisex PROACT® training polo is made from 100% polyester micro-interlock with HYDROCOOL® quick-dry treatment and an antistatic finish. The sporty cut with raglan sleeves and contrasting chest and shoulder panels gives freedom of movement and comfort during activity. A 1x1 rib collar and a two-button placket provide a tidy finish, while a neck tape and twin-needle hems enhance durability.

Designed for intensive use, the polo is lightweight and breathable with side vents for improved mobility and raglan sleeve construction that supports unrestricted arm movement. Available in several colours (for example Navy, Dark Royal Blue and Black / sporty grey) and sizes from XS to 4XL.

This personalised polo can be customised from 1 piece and is ideal for companies, sports clubs, associations, events and private individuals. We offer personalisation by screen printed transfer, MSO transfer, DTF printing, flex and embroidery. Our artwork studio can retouch or vectorise your logo before production.
