DESCRIPTION

Unisex sports jersey in micro interlock 100% polyester, engineered for comfort and performance. It has a straight cut with raglan sleeves for unrestricted movement, a round neck and sleeve hems in the main fabric. The front features a sublimated geometric gradient while the back and sleeves remain plain; the lightweight fabric is quick-drying. Machine wash at 30°C, twin-needle hem and a removable brand label make it practical for team and individual use.

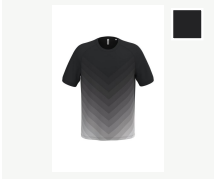

Practically, the straight fit and raglan sleeve construction support dynamic movement during training or matches. The neat finishes (twin-needle hem, consistent sleeve hem fabric) maintain the garment's shape without adding weight. Available in several colours, including Black, Navy and Sporty Royal Blue, and in sizes XS to 3XL.

This personalised sports jersey can be customised from one piece. Printing and marking options: screen transfer, MSO transfer, DTF printing, flex and embroidery. Well suited to companies, sports clubs, associations, schools, events and private customers looking for a professional, durable branded garment.
