DESCRIPTION

Men's sports jersey in 100% polyester birdseye, engineered for breathability and comfort during play. Sleeveless with a V-neck and contrast binding at the neck and armholes, it offers a clean, athletic cut with a double-needle hem and a removable brand label for a neat finish. The micro-aerated fabric helps wick moisture away and is easy to wash and maintain.

The micro-perforated construction reduces static with a built-in treatment and the straight fit makes it practical for chest and back printing. Available in several colours (for example Navy/White, Sporty Royal Blue/White, Black/White) and sizes S to 4XL, this jersey is suited to regular club training, matches and team use thanks to durable stitching and simple care.

Get this personalised sports jersey printed or finished by Screen Printing (zeefdruk/screen printing), Transfer, DTF printing (DTF-druk), Flex (flocage) or Embroidery (borduren/embroidery). Recommended for basketball clubs, associations, events, companies and private orders. Can be personalised from one piece; our graphic studio can vectorise or refine your logo before production.

KEY FEATURES

- Contrasting piping for dynamic style.
- Breathable birdseye micro-aerated fabric.
- Anti-static treatment.
