DESCRIPTION

Unisex sports bandana made from a stretch fabric (90% polyester, 10% elastane) with a double layer that sits comfortably around the head. The material includes an antistatic treatment and a specified weight, keeping it lightweight yet stable. Size: 100 cm long by 6 cm wide; one size fits most. It features a removable brand label for a clean finish once personalised.

The flat cut and elastic fabric provide secure, non-constricting wear, suitable for running, gym sessions, yoga or team sports. Polyester construction makes it easy to care for—follow standard garment care instructions to preserve elasticity and the antistatic treatment.

This personalised bandana can be customised from one piece and is suitable for companies, sports clubs, associations, events and private customers. Available decoration techniques: screen printing transfers, MSO transfer, DTF printing, flex (heat transfer) and embroidery. Our artwork studio can vectorise or retouch your logo prior to production.
