PROACT · Ref. PA561

Reference	PA561
Brand	PROACT
Composition	100% Polypropylene
Material	Polypropylene
Labels and certifications	PETA Vegan
Country of origin	China
Carton	50 pieces

DESCRIPTION

This 1000 ml polypropylene bottle is designed for team sports and situations where hygiene matters. Its tall, cylindrical shape makes it easy to grip and refill. The hygienic design reduces direct mouth contact, making the bottle suitable for training sessions and matches where multiple people handle drinkware. The material is durable and simple to rinse after use.

The cap incorporates a protective cover and a practical drinking opening so users can drink without bringing their mouth close to the spout. The exterior is smooth and the compact profile fits most bottle holders. It is offered in several colour options and a single 1000 ml size.

Customisation is available from one piece using pad printing, screen printing or digital printing on objects. Recommended for companies, sports clubs, associations, events and private customers who need a practical, hygienic branded bottle. personalised bottle
