Foldable bottle carrier

PROACT · Ref. PA629

Reference	PA629
Brand	PROACT
Composition	100% Polypropylene
Material	Polypropylene
For	Men's
Country of origin	India
Carton	20 pieces

DESCRIPTION

This foldable bottle carrier for men is made from durable polypropylene and comes in one size. It holds up to ten bottles while remaining lightweight and easy to handle. The open-grid structure and visible reinforcements provide good stability; cleaning is simple with soapy water.

The carrier folds flat for compact storage: hinges and rivets allow repeated opening and closing. Individual bottle compartments reduce movement between bottles and the cut-out handle gives a practical grip when carrying.

This personalised bottle carrier can be printed using object-suitable techniques such as pad printing, screen printing and digital printing on items. Suitable for sports clubs, events, companies and associations looking for a useful giveaway or merchandising item. Customisation is available from one piece and our design studio can vectorise or refine your logo.

KEY FEATURES

- Easy to store: foldable.
- Very resistant polypropylene.
