Foldable bottle carrier

PROACT · Ref. PA641

Reference	PA641
Brand	PROACT
Composition	100% Polypropylene
Material	Polypropylene
Country of origin	India
Carton	30 pieces

DESCRIPTION

Foldable bottle carrier designed to hold up to 6 bottles, suitable for sports clubs, events and team use. Made from polypropylene for a lightweight, easy-to-clean construction with an integrated handle for carrying. One size fits typical bottle arrangements and it can be personalised from a single unit.

The carrier folds flat for compact storage and features six moulded compartments separated by dividers to keep bottles upright. The top handle makes transport straightforward even when fully loaded; the rigid yet foldable build reduces bulk between uses. The product is offered in 1 colour (Black) as stated on the product sheet.

Customisation options include DTF printing, screen printing, pad printing or transfer depending on the marking area. Recommended for companies, sports clubs, associations, schools and individuals seeking a personalised bottle carrier for events, team kits or promotional giveaways. Our in-house studio can vectorise your logo.

KEY FEATURES

- Easy to store: foldable.
