Tag Belt

PROACT · Ref. PA666

Reference	PA666
Brand	PROACT
Composition	100% Polyester
Material	Polyester
Country of origin	India
Carton	250 pieces

DESCRIPTION

This personalised training equipment is a one-size adjustable belt designed for safe TAG Rugby introductions and other team games. Made from polyester with two straps attached by velcro to the belt and an adjustable clip, it provides a secure fit. The product is available in several colours, for example Black/Green, Black/Red and Black/Royal Blue.

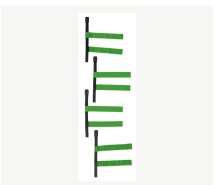

Practically, the simple design gives good freedom of movement and quick handling during drills. The wide straps stay aligned on the belt and the velcro keeps them firmly in place during play. Polyester construction makes the belt easy to clean and quick to dry, convenient for regular training use.

The belt can be personalised from one piece and is suitable for companies, sports clubs, associations, events and private customers. We offer embroidery, DTF printing, flex, screen printing, transfer and tampography to apply logos or markings, with a free quote within 24 hours on weekdays. Collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
