Challenger T3 Ball

PROACT · Ref. PA822

Reference	PA822
Brand	PROACT
Composition	100%
Material	Rubber
Fabric weight	425 g/m²
Country of origin	India
Carton	50 pieces

DESCRIPTION

Size 3 rugby training ball designed for youth and recreational use, unisex. It features a three-layer laminate construction (two cotton layers and one polyester layer) with a latex bladder for air retention and a grippy finish for reliable handling in all weather. Available in several colours including Orange, Navy and White.

The ball is hand-stitched for robust seams and good longevity in regular training. Its textured surface enhances grip in wet conditions and aids passing and catching during drills. Size 3 is well suited to junior players and sessions that prioritise ball control.

This personalised rugby ball can be ordered from one piece for clubs, schools, associations, events or private customers. We offer marking by tampography, screen printing, digital printing and DTF printing depending on the print area and desired effect. Free quote within 24 hours on weekdays and our design studio can vectorise or retouch your logo.
