PROACT · Ref. PA823

Reference	PA823
Brand	PROACT
Composition	100%
Material	Rubber
Fabric weight	430 g/m²
Country of origin	India
Carton	50 pieces

DESCRIPTION

Size 4 rugby ball, unisex, designed for training use. The ball features a three-layer laminated build (two cotton layers and one polyester layer) with a latex bladder for reliable air retention and shape stability. A grippy finish on the surface provides secure handling in all weather; the textured cover and visible stitching underline its hardwearing character for regular practice.

Hand-stitched construction contributes to panel strength and seam integrity. The oval profile and textured surface aid handling and passing. Available in several colours, including lime, navy and white, this Size 4 ball is suited to youth and club training sessions.

This ball can be personalised from one piece and accepts multiple marking methods: pad printing, screen printing and digital printing on items. Recommended for clubs, schools, associations, companies and promotional events — our studio can prepare or vectorise your logo for printing.

KEY FEATURES

- Grip grain pattern for use in all weather.
- Hand-stitched.
