DESCRIPTION

Size 4 football designed for recreational play on grass, intended for children aged 7–12. The ball features a traditional 32-panel construction with hand stitching and a multi-layer polyester carcass, offering a soft touch and consistent performance; the glossy PVC finish is easy to wipe clean. The shape and stitched panels provide predictable bounce for training and casual matches.

The hand-stitched assembly improves durability during regular use and the smooth PVC surface resists abrasion. Maintenance is simple — wipe with a damp cloth and re-inflate as needed. This model is available in several colours, for example White, Royal Blue or Black.

This personalised football can be customised from one piece and suits clubs, schools, associations, events and private customers. Personalisation techniques include pad printing, screen printing, digital printing on objects and transfers. Our design studio can vectorise or refine your logo; free quote within 24 hours on weekdays, collection in Evere or delivery in Belgium, France and Luxembourg.
