DESCRIPTION

Men's boxer swim shorts, made in Spain for aquatic activities and training. Constructed from polyester (including butylated terephthalate), the fabric is chlorine-resistant and provides UV 50+ protection. Fully lined at the front for added comfort, with an internal drawcord for secure fit. Available in several colours, including Black and Sporty Dark Navy, and in sizes S to 3XL.

The short leg length (side height 28 cm) leaves room for customisation without restricting movement. The slim, functional cut and stretch, breathable fabric deliver a close fit suited to club sessions and regular use, while remaining easy to care for.

These personalised swim shorts can be customised from one piece on a wide range of textile, suitable for clubs, companies, schools, associations and private individuals. Available techniques: embroidery, DTF printing, flex, screen printing, transfers (1-colour and multicolour), embroidered patches and pad printing. Our studio can vectorise or retouch your logo for production.
