DESCRIPTION

Structured men’s trench with a tailored collar, designed for professional and everyday wear. It features a straight cut with a covering length, metal button front closure and a felt-contrast inner collar. The 100% polyester shell is windproof and water-resistant, with Thinsulate™ padding inside that provides warmth without bulk. Available in several colours including Black and Deep Navy and sizes S to 3XL, it layers well over shirts or light jackets. Follow the care instructions to maintain water resistance and insulation.

Practical details include two flap pockets at the front, a piped pocket on the right and an interior zipped pocket at chest height. A vent with press-stud at the back, metal sleeve buttons and a hanging loop at the neck add functionality. Internal zips and a customisable patch on the upper back are provided to simplify marking without compromising the look.

Ideal as a personalised trench for companies, clubs, associations or events — it can be personalised from one piece. Possible decoration techniques: screen transfer, MSO transfer, DTF printing, flex and embroidery. Our design studio can vectorise or refine your logo for professional application.
