DESCRIPTION

This women's coat/trench features a loose fit with dropped shoulders designed for layering. Constructed from a twill wool cloth blend of 80% polyester and 20% wool, it has a tailored lapel with a stand and a two-button closure at the front. The cut is straight with long sleeves and two slanted welt pockets on the front for everyday practicality. Available in Black and sized from 34 FR to 46 FR.

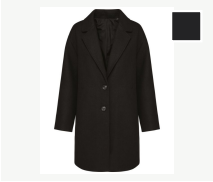

Practical details include an internal welt pocket at the chest and a contrasting finish bias that refines the interior. The twill construction gives a structured yet supple appearance; seams are cleanly finished and care should follow the polyester/wool composition.

This personalised coat can be customised from one piece and suits orders for companies, sports clubs, associations, events and individuals. Marking options: screen print transfer, MSO transfer, DTF printing, flex and embroidery — our design studio can vectorise or retouch your logo before production.
