Country of origin	Bangladesh
Carton	20 pieces

DESCRIPTION

Men's slim, lightweight bodywarmer designed to be worn comfortably under a jacket. Made from polyamide with Thinsulate™ insulation for effective warmth retention without bulk. V-neck cut, tailored arm openings and horizontal quilted panels; two side pockets for practical use. Available in several colours, for example Black and Deep Navy, in sizes S to 3XL.

Discreet detailing: front popper-button closure in tone and a customisation zip on the left for a clean branding position. The garment is supplied without a visible brand label, featuring only a size chip to simplify customisation. Care follows typical recommendations for technical polyamide outerwear.

This personalised bodywarmer can be customised from one piece. Possible techniques: screen printing transfer, MSO transfer, DTF printing, flex (flocking) and embroidery. Recommended for companies, sports clubs, associations, events and private customers looking for a thin, customisable insulating layer.

KEY FEATURES

- Very thin, can be easily worn under a jacket.
- Thinsulate fibre, guaranteed to stay warm.
