Carton	20 pieces

DESCRIPTION

This women’s lightweight bodywarmer features a straight, sleeveless cut designed to be worn under a jacket. Filled with Thinsulate for warmth without bulk, it is made from polyamide with horizontal quilted stitching and a neat round neckline. It’s available in several colours, for example Black and Deep Navy, and in sizes XS to XXL. The model includes two side pockets, tonal popper fastenings and an internal zip on the left for personalised additions.

Practical and comfortable, the bodywarmer shows tidy seams and a label-free interior with a size tag to simplify branding. Its low profile makes it well suited to transitional seasons and indoor professional use where a discreet, polished look is required.

Customise this item from one piece: personalised bodywarmer options include screen printing transfer, MSO transfer, DTF printing, flex and embroidery. Suitable for companies, sports clubs, associations, events and private customers; our design studio can retouch or vectorise your logo for production.
