DESCRIPTION

Men's leather belt made from full-grain cowhide with an aniline finish, intended for smart everyday wear. The belt has a classic cut with a 3.5 cm width and a metal buckle, making it suitable for both suit trousers and smarter casual outfits. It is available in four sizes covering 48 FR to 62 FR and is delivered in a black cotton pouch to simplify storage and personalisation.

The visible details show a slightly rounded profile and neat stitching along the leather, giving a refined look in use. The metal buckle and standard width ensure compatibility with most belt loops. Care consists of gentle cleaning and occasional leather conditioner to maintain the aniline finish.

This item can be personalised from a single piece and is ideal for businesses, sports clubs, associations and private customers seeking a durable, elegant accessory. We offer personalised belt options by embroidery, DTF printing, flex, screen printing, transfers, embroidered patches, pad printing or digital printing on objects. Our studio can vectorise your logo; you will receive a free quote within 24 hours on weekdays and can collect at our Evere workshop or choose delivery in Belgium, France and Luxembourg.
