DESCRIPTION

Unisex apron designed for professional use, made from water-resistant polyester to protect against splashes and stains. It has a straight cut with dimensions 86 cm high by 72 cm wide to give good coverage across the chest and thighs; the neck strap is adjustable to set the apron height. Available in several colour options such as Black, Navy and Bottle, supplied in one size.

The fabric is durable for everyday work use; the neck strap is adjustable and the waist ties measure 90 cm for tying at the back. The material tolerates bleach, which simplifies cleaning and disinfection where required.

This personalised apron can be customised from one piece using screen print transfer, MSO transfer, DTF printing, flex (heat transfer vinyl) or embroidery. Suitable for companies, restaurants, clubs, associations, events and private customers; our graphic studio can retouch or vectorise your logo before production.
