DESCRIPTION

Unisex bib apron designed for professional use in catering, workshops or events. The straight cut provides coverage of the chest and thighs while allowing freedom of movement. Made from twill (80% polyester, 20% cotton), the fabric is supple, durable and resists creasing. Neck strap and waist ties are in the same material for a consistent finish. Care: machine washable at 65°C; suitable for industrial washing at 85°C.

The apron shown has a straight neckline with a neck loop and clean edge finishes; no visible pockets, which simplifies cleaning and maintenance. The twill weave ensures good durability under repeated washes and heavy use.

This personalised apron can be ordered from one piece. Personalisation techniques available include embroidery, screen printing, DTF printing, flex (heat transfer) and transfer methods. Recommended for businesses, restaurants, clubs, associations and individuals. Available in several colours such as Black, Navy and Royal Blue.
