DESCRIPTION

Unisex chasuble apron in twill (65% polyester, 35% cotton) designed for practical use in professional settings or service roles. The sleeveless cut and 68 cm length provide good coverage while remaining comfortable; the anti-crease finish helps keep a neat appearance. Machine-washable: industrial washing at 85° and domestic washing at 60°.

The apron features a large rounded front pocket, adjustable side fastenings with press studs and visible stitching for durable wear. Its slip-on shape allows quick dressing and the twill weave gives a supple yet sturdy feel for regular use. Available in several colours — for example Red, Royal Blue and Navy — to match your visual identity.

This personalised apron can be customised from one piece and supports the following techniques: DTF printing, transfer, flex, screen printing and embroidery. Recommended for companies, sports clubs, associations, events and private customers who need a practical, identifiable apron.

KEY FEATURES

- Twill weave: supple and sturdy.
- Large practical pouch pocket.
- Anti-crease finish.
