DESCRIPTION

Unisex work blouse in 65% recycled polyester / 35% cotton (195 g/m²), designed for professional use. It features a straight cut with long sleeves, a shirt collar and a front fastening with five concealed snap buttons for a clean look. The blouse includes a chest pocket with pen slot and two large lower pockets to keep tools and accessories handy. The fabric is suitable for industrial laundering, offering comfort and durability for daily work in labs, workshops or catering.

Details include flat seams and a length that provides good coverage to protect underlying clothing. Concealed snaps simplify putting the blouse on and off, while the understated professional cut works well layered over other garments. Available in sizes XXS to 5XL and in the colour White.

This personalised blouse can be customised from 1 piece with support from the YourVisualHere graphic studio. Possible techniques: screen printing transfers, MSO transfer, DTF printing, flex and embroidery. Recommended for companies, sports clubs, associations, schools, youth movements and private customers needing a branded professional garment.
