Country of origin	Myanmar (Burma)
Carton	12 pieces

DESCRIPTION

The unisex SELSEY Hydrochecker jacket is a lightweight insulated windbreaker designed to shield against wind and rain. Constructed from 100% polyester with full-body padding and a cosy microfleece inner layer, it balances warmth and comfort while remaining breathable. The hood folds away and is adjustable with a drawcord, the zip is covered by a storm flap and seams are sealed for improved weather resistance. It is offered in several colours and sizes (XS to 4XL).

Practical details include zipped pockets lined with fleece to keep hands warm, adjustable cuffs and an elasticated hem to reduce drafts. A 5000 mm waterproof rating and UKCA / CE EN343 1:1 compliance make it suitable for outdoor use. The jacket shown has a straight cut and a high collar for added neck protection.

This jacket can be personalised from one piece and is appropriate for businesses, sports clubs, associations, events and private customers. We provide personalisation by screen print transfer, MSO transfer, DTF printing and flex. Our graphic studio can retouch or vectorise your logo; free quote within 24 hours on weekdays and collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
