Brand	Quadra
Composition	100% Polyester
Material	Polyester
Fabric weight	256 g/m²
Average weight	2100 g
Label	Sewn-in label
Country of origin	China
Carton	6 pieces

DESCRIPTION

This cabin trolley bag in 600D Micro Rip-Stop polyester is a practical, hard-wearing option for short trips. The one-size design balances durability with easy care — the fabric resists tearing while remaining manageable in daily use. A lockable, retractable monotube pull handle makes manoeuvring simple, and a padded neoprene carry handle adds comfort when lifting.

The photographed shape reveals a spacious main compartment with retention straps and an organiser section for personal items. Multiple zipped pockets, including a front pocket and a name tag slot, provide security and quick access. High-strength wheels and side compression straps improve stability and handling; a zipped pocket stores the shoulder straps when not in use.

This personalised trolley bag can be personalised from one piece and is suitable for companies, sports clubs, associations, events and individuals. Customisation techniques available: screen printing transfer, MSO transfer, DTF printing and flex. Our design studio can retouch or vectorise your logo for production.

KEY FEATURES

- Resistant polyester that prevents tearing.
- All pockets are zipped for increased security.
- Ergonomic handle.
