Carton	25 pieces

DESCRIPTION

Unisex micropolar fleece with a straight cut, raglan sleeves and a tone-on-tone full zip. Made from 100% polyester with an anti-pilling finish, it provides thermal protection while remaining lightweight and easy to care for; machine washable at 60°C. Available in several colours and sizes from XS to 3XL.

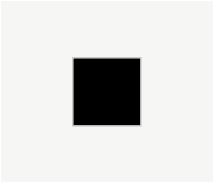

Practical details include a thermally reinforced collar seam and two side pockets for hand warmth. The raglan sleeve construction improves range of motion and the stitching is designed for regular wear and good shape retention.

This personalised fleece can be embroidered (borduren / embroidery) from one piece, making it suitable for companies, sports clubs, associations, schools or events. Our in-house graphic studio can vectorise or retouch your logo before production. Personalised fleece ready for professional and associative use.
