DESCRIPTION

Unisex micro fleece vest designed as a lightweight mid-layer for work or club use. It features a full-length tone-on-tone zip, a stand-up collar and sleeveless cut, crafted from anti-pilling polyester fleece for a soft, stretchy feel. Easy to care for and quick-drying; machine washable at 60°C. Available in several colours, for example Forest Green, Navy or Royal, and in sizes XS to 3XL.

The vest has a decorative stitch finish and two side pockets for hand warmth and small items. The fabric provides thermal insulation without bulk, and the straightforward cut makes it simple to layer over a polo or work shirt. Discreet seams and the full zip make it practical to put on and remove.

This personalised fleece vest can be ordered from one piece and suits companies, sports clubs, associations and private customers. Suitable marking technique: embroidery — perfect for a durable, professional logo on the chest or back. Our artwork studio can vectorise your logo and include it in the quote.
