DESCRIPTION

Unisex work softshell built as a 3-layer bonded fabric with a micropolar lining for retained warmth. Windproof and water-resistant with a breathable membrane, the stretch construction (93% polyester, 7% elastane) gives comfort and freedom of movement. It comes in several colours, including Black, Grey/Black and Navy/Black, and sizes S to 4XL.

Designed for everyday professional use, it features two large front pockets, a vertical chest pocket and a zipped sleeve pocket, all with protective zips. Durable Cordura® panels on the shoulders and elbows reinforce high-wear areas; reflective piping on shoulders and front/back improves visibility. The central YKK® zip is backed by an internal storm flap and an adjustable drawcord at the waist ensures a secure fit.

This personalised softshell can be customised from one piece on a wide range of textile. Available marking techniques: screen printing transfer, transfer, DTF printing, flex (flock) and embroidery. Suited to companies, sports clubs, associations, events and private customers — our design studio can retouch or vectorise your logo for production.
