## DESCRIPTION

Unisex lightweight windbreaker in 100% nylon (75 g/m²), engineered to provide compact, breathable protection over sportswear or casual outfits. The straight cut with elasticated hood and cuffs keeps movement free while offering a neat fit; taped seams and a contrasting front zip improve weather resistance. The jacket folds into a coordinated storage pouch for easy transport.

Practical features visible in use include side pockets (one zippered for secure storage), a drawcord hem to customise the fit and an internal hanging loop. The item comes in several colourways such as Black/Orange, Lime/Royal and Navy/Lime, and is available from XS to 3XL.

This personalised windbreaker can be ordered from one piece and is suitable for screen print transfer, MSO transfer, DTF printing and flex heat transfer. Recommended for companies, sports clubs, associations, events and private customers; our studio can retouch or vectorise your logo.
